

# **OPEN ENROLLMENT FEBRUARY 22<sup>ND</sup>, 2021 STRUCTURAL COLLAPSE RESCUE AWARENESS**

This program meets & exceeds the requirements of NFPA 1670. At the conclusion of this course, students will be able to recognize and assess potential conditions at a structural collapse incident, as well as identify the resources necessary to conduct safe and effective structural collapse search and rescue operations. They will learn procedures for conducting visual and verbal searches at structural collapse incidents, including the Rescue Marking System, Building Marking System, Victim Marking System and Structure Marking System. Students will also discuss development and implementation of procedures for carrying out the emergency response system as well as site control and scene management. An overview of removal of readily accessible victims from structural collapse incidents will be included, as a preview of skills learned in the Operations level courses.

Registration is at 6:30 pm. Class to start at 7:00 pm
